(PLEDGE OF ALLEGIANCE TO THE FLAG)

SUPERVISOR MOORE

Is there anybody in the audience that would like to speak on any of the Agenda items? I have four (4) people that signed up to speak after the Meeting, but if you have an item that you would like to speak on that's on the Agenda, you're more than welcome, one (1) at a time to come forward. Come to the podium; you have to state your name and address please.

JUNE SUMMERS, 208 RHEA CRESCENT, GREECE, NEW YORK

I'm June Summers. I live at 208 Rhea Crescent in Rochester and, actually in Greece, New York. And I'm here to speak on the, pardon me, on the adoption of the code amendment on residential backyard habitat.

SUPERVISOR MOORE

Ma'am, that's not on the Agenda.

JUNE SUMMERS, 208 RHEA CRESCENT, GREECE, NEW YORK

It's not on the Agenda?

SUPERVISOR MOORE

No, ma'am.

JUNE SUMMERS, 208 RHEA CRESCENT, GREECE, NEW YORK

Pardon me please.

SUPERVISOR MOORE

That's okay.

COUNCILMAN MULLIGAN
So she can talk afterward.

SUPERVISOR MOORE
Yeah.

COUNCILWOMAN ZINCK
So at the end.

SUPERVISOR MOORE
Is there anybody else that would like to speak on any of the Agenda items?

MIKE STAFFORD, 32 ESSEX DRIVE
Mike Stafford, 32 Essex Drive. Just would like to get a, hope we get a good explanation on the tax settlement with Sam's Club.

SUPERVISOR MOORE
I'd have to call on our Assessor for that.

MIKE STAFFORD, 32 ESSEX DRIVE
I'd like to, I'd just like to know why they're getting nineteen thousand dollars (\$19,000.00) back of tax money.

COUNCILMAN MULLIGAN
Is he here?

COUNCILWOMAN ZINCK
Nate?

SUPERVISOR MOORE
Yes, it's actually a court order, but...

MIKE STAFFORD, 32 ESSEX DRIVE
Oh, well that might explain that. Okay.

(Laughter)

SUPERVISOR MOORE
Okay?

COUNCILWOMAN ZINCK
So Nate, you're going to come up?

SUPERVISOR MOORE
We're fine Nate, thank you.

COUNCILMAN BREESE

We're good Nate.

(Inaudible from audience, Mike Stafford, 32 Essex Drive)

SUPERVISOR MOORE

Please Nate, come to the microphone. We can't give away tax money without somebody telling us to, okay?

NATE GABBERT, TOWN ASSESSOR

There's a short answer and a long answer.

SUPERVISOR MOORE

Well, the short one please.

NATE GABBERT, TOWN ASSESSOR

The short one is that Sam's Club sued us for a reduction in their assessment and this is a settlement which will recognize a modest reduction for last year with an increase over next year to recognize improvements they're making out there. That's the short answer.

COUNCILMAN MULLIGAN

What's it cost the Town?

NATE GABBERT, TOWN ASSESSOR

In this particular case, it would be a few hundred dollars (\$100), but this particular agreement waives any refunds on the Town part. Because they were only a modest amount, the attorney for the petitioner suggested it and so we decided that it was okay.

SUPERVISOR MOORE

But we bore the cost for all our legal fees.

NATE GABBERT, TOWN ASSESSOR

Yes we did.

SUPERVISOR MOORE

Okay. Thank you very much.

NATE GABBERT, TOWN ASSESSOR

Sure.

COUNCILMAN PAGE

And Mike, if you want the long version, he'd be happy to share it with you afterwards.

NATE GABBERT, TOWN ASSESSOR

I'd be happy to give you the long version.

COUNCILMAN PAGE

Oh, okay.

(From audience, Mike Stafford, 32 Essex Drive, "Is there a reduction for the future?")

NATE GABBERT, TOWN ASSESSOR

No, this particular one is just for one year.

SUPERVISOR MOORE

Thank you, Nate.

COUNCILWOMAN ZINCK

Thanks, Nate.

COUNCILMAN PAGE

Thanks, Nate.

SUPERVISOR MOORE

Could I please have approval of the Minutes of July 16th?

COUNCILWOMAN ZINCK

Mr. Supervisor, I'd like to move approval of the Minutes of the July 16, 2014 Meeting.

COUNCILMAN PAGE

Second.

SUPERVISOR MOORE

SUPERVISOR MOORE

We have two (2) Public Hearings tonight. The first one is a proposed establishment of Extension Twelve (12), Queens Park Subdivision, to the Henrietta Lighting District. And is Mr. Martin going to speak on that?

CHRIS MARTIN, DIRECTOR OF ENGINEERING & PLANNING

For the Record, my name is Chris Martin. I am the Director of Engineering & Planning for the Town of Henrietta. And the Application tonight is for an extension of a lighting district for the Queens Park Subdivision. We have preliminary approval for this subdivision, but they haven't gone for final subdivision approval yet. But we wanted to form the lighting district. It's going to be very similar to Berkshire Park Subdivision, which is to the west.

SUPERVISOR MOORE

Okay.

CHRIS MARTIN, DIRECTOR OF ENGINEERING & PLANNING

That's it. Thank you.

SUPERVISOR MOORE

Thank you. Any questions from the Board?

COUNCILMAN BREESE

No.

COUNCILMAN PAGE

No.

SUPERVISOR MOORE

Is there anybody in the audience that would like to speak on this? *(Pause, no response)* Seeing none, could I have a motion?

COUNCILWOMAN ZINCK

Do we do that yet? Don't we do that later?

DANIEL MASTRELLA, TOWN ATTORNEY

Is that on the Agenda?

COUNCILMAN MULLIGAN

I think it's on the Agenda.

SUPERVISOR MOORE

Oh, I'm sorry, it's on the Agenda. Then we'll go ahead and close this Public Hearing. I'm sorry about that. The next Public Hearing is 48 Rouge Road Property Cleanup. Is the owner of the property here?

(From audience, Daniel McMinn, "The owner, no. I'm his son.")

SUPERVISOR MOORE

How do we proceed, Counselor?

DANIEL MASTRELLA, TOWN ATTORNEY

You should have Terry come up to present what's going on.

SUPERVISOR MOORE

Mr. Ekwel, would you come up and cite the issue?

TERRY EKWELL, FIRE MARSHAL / BUILDING INSPECTOR

The property has been, at 48 Rouge Road, has been under observation for a number of, length of time, for violations of both the Town Property Maintenance Code and the New York State Property Maintenance Code. Violations have been sent out to the owner of the property with no response. I did send a letter August 4th, it was sent by Certified mail. It was sent out of the Post Office on the 4th, excuse me on the 5th it left at 4:30 in the morning and it was delivered at the address at 12:35 p.m. on April 5th. The letter, you have a copy of, states the number of violations out there, the things that have to be taken care of. You have pictures from July 21st, which is prior to the letter being written. You have pictures from today, this afternoon, showing the state of the property. The state of the property this afternoon is not in compliance of what the letter stated. Therefore, the next action is up to the Board. The owner of the property is Mr. and Mrs. Paul McMinn.

SUPERVISOR MOORE

And they're not here.

TERRY EKWELL, FIRE MARSHAL / BUILDING INSPECTOR

They are not here, no.

SUPERVISOR MOORE

Counselor, how do we proceed?

DANIEL MASTRELLA, TOWN ATTORNEY

Well, they don't have to be here. The, just, if you don't mind, I'll ask Terry a few questions. Have these individuals been cited under the Town Code into court for violations in the past?

TERRY EKWELL, FIRE MARSHAL / BUILDING INSPECTOR

I believe so. Yes, Code Enforcement Officer, in fact the Judge did put an action out against them. They failed to appear in court.

DANIEL MASTRELLA, TOWN ATTORNEY

And so some, if not all, of these violations, they've been previously cited for and the action in court has not led to them being corrected. Is that...

TERRY EKWELL, FIRE MARSHAL / BUILDING INSPECTOR

That is correct.

DANIEL MASTRELLA, TOWN ATTORNEY

...fair to say?

TERRY EKWELL, FIRE MARSHAL / BUILDING INSPECTOR

That is correct.

DANIEL MASTRELLA, TOWN ATTORNEY

And is it also fair to say that these are persistent violations? In other words, they've been going on for a series of months, if not years?

TERRY EKWELL, FIRE MARSHAL / BUILDING INSPECTOR

That is correct.

DANIEL MASTRELLA, TOWN ATTORNEY

And really, is there any other avenue that you have in order to get this property back into compliance, other than what you've taken thus far and ultimately taken it to the Town Board for an order?

TERRY EKWELL, FIRE MARSHAL / BUILDING INSPECTOR

No, there doesn't appear to be any voluntary compliance and the court order has been disregarded, so therefore the only action we have left is action by the Town to make the property compliant with both the Property Maintenance Code of the Town of Henrietta and the New York State Property Maintenance Code.

DANIEL MASTRELLA, TOWN ATTORNEY

And the pictures that you submitted to, with this Public Hearing notice, do they fairly clearly show that the property remains out of compliance as of this date?

TERRY EKWELL, FIRE MARSHAL / BUILDING INSPECTOR

Correct. The only difference between today's pictures and those on the twenty-first (21st) of July was the junked abandoned car had been removed and part of the front lawn had been mowed.

DANIEL MASTRELLA, TOWN ATTORNEY

And the remedy that is sought here is for the Town to either its own personnel or hire personnel to go in and to perform whatever needs to be done in order to bring this into compliance and then the cost of doing that will be paid out of Town general funds, but will be levied upon the property in the same manner as other Town charges and taxes. Is that correct?

TERRY EKWELL, FIRE MARSHAL / BUILDING INSPECTOR

That is correct.

DANIEL MASTRELLA, TOWN ATTORNEY

With that, I think you can open it up to the public. If the owner's son wants to speak, I think he should be welcomed to.

SUPERVISOR MOORE

Is there anybody in the audience that would like to speak on this issue? Please come to the microphone and state your name and address and why you have your hardship.

DANIEL McMINN, 48 ROUGE ROAD

I'm Paul McMinn's son, Daniel McMinn. I live at the residence. Paul currently doesn't live there, but I have been, it's not, we have not been ignoring compliance with the court, etc. It's, my father's ill, my parents are in the middle of a divorce, I'm supposed to be assuming ownership of the house and the legal papers haven't been signed over the past few months. Yes, there is previous, before this ongoing in the past few months. The divorce has only been going on for about a year, but I personally haven't, amongst my own legal issues, haven't really had the time, but I have freed up that time in the last week and a half, which I've actually been making an attempt. I got the car gone, cleaned up the front yard, the backyard. All day today, I'm getting the things off from the side next to the garage trying to clean all that up. The multiple mess of things in the driveway are all gone. I am making an attempt. I mean, I can't work overnight. I mean, I have less people than what's sitting behind the counter, but...

SUPERVISOR MOORE

Honestly, you need a bulldozer.

DANIEL McMINN, 48 ROUGE ROAD

Yeah, no kidding.

SUPERVISOR MOORE

You got a truck engine out of a tractor trailer sitting beside the garage; you got at least four (4) truck rear ends sitting there; you got a bus that's a monument; you got fuel oil barrels in the front yard; rubbish in the backyard. If I were your neighbor, I'd have been pretty upset with you a long time ago. And we've given you a lot of chances, so, any questions from the Board?

COUNCILWOMAN ZINCK

Yeah, no, it's not that we're unsympathetic to...

DANIEL McMINN, 48 ROUGE ROAD

Oh no, no, no, no, no. I'm just saying that.

COUNCILWOMAN ZINCK

...everything that's going on, but I mean I looked at those pictures today and I have to tell you I would be out of my mind if I had to look at that every day.

SUPERVISOR MOORE

So what we're going to have to do is we're going to go in and clean it up and we're going to fix the house so it's presentable on the outside, because your neighbors have put up with a terrible mess for a long time and your dad didn't seem to want to conform to where he was living in a neighborhood. So now we're going to fix it. Thank you.

COUNCILMAN PAGE

Thank you.

DANIEL MASTRELLA, TOWN ATTORNEY

And you should just, you should be aware that anything that you can do to make it, to make the property better before anybody from the Town goes in to do it will obviously ultimately save the owner some money, because it's work that you don't have to pay the Town to do ultimately.

DANIEL McMINN, 48 ROUGE ROAD

That makes sense.

SUPERVISOR MOORE

Right, because it will be put on the taxes.

COUNCILMAN MULLIGAN

Get a thirty (30) yard dumpster.

DANIEL McMINN, 48 ROUGE ROAD

Oh, I know that.

COUNCILMAN MULLIGAN

Yeah, get a thirty (30) yard dumpster and fill it.

DANIEL McMINN, 48 ROUGE ROAD

Most of that's all gone. I took out probably four (4) truck loads last week. So...

COUNCILWOMAN ZINCK

Well again, just so you know that wasn't in vain, that that'll be less that will be billed to the property.

SUPERVISOR MOORE

And don't ever let it get this way again, because we'll be back.

DANIEL McMINN, 48 ROUGE ROAD

Oh, I'm well aware of that.

SUPERVISOR MOORE

Okay.

COUNCILMAN PAGE

Thank you.

COUNCILMAN MULLIGAN

Thanks for coming.

DANIEL McMINN, 48 ROUGE ROAD

Of course.

SUPERVISOR MOORE

Is there anybody...?

COUNCILMAN MULLIGAN

I move the Town, at 48 Rouge Road, put the, bring the property in compliance with Town and State Codes and that the cost go on the property taxes.

COUNCILMAN PAGE

And for the people who might be here for the first time, the Town Board has been very understanding and very amenable to try to assist with that. If you ever saw the pictures of the way that house is today, you'd be shocked. We've given him so much time and they tried to get it done, but it just didn't happen.

SUPERVISOR MOORE

That concludes the Resolution part of the Meeting and now I have some people that signed up for public comment. And the first one is Janice Pryll.

JANICE PRYLL, 60 CHILTERN ROAD

Hello, I'm Janice Pryll. I live at 60 Chiltern Road and I'm not sure, I'm here to speak on the backyard habitat.

SUPERVISOR MOORE

You can speak on anything you want now.

JANICE PRYLL, 60 CHILTERN ROAD

So this is the time?

COUNCILWOMAN ZINCK

This is it.

SUPERVISOR MOORE

Yes, this is it.

JANICE PRYLL, 60 CHILTERN ROAD

Okay, I'm in favor of the proposed revision of the backyard habitat code and I have visited Brighton backyard habitats in the past and I wondered what their code was. So I called them up and their Department of Building and Planning said that they only have a code for the height of the grass mowing and for any obstruction of a clear view that's needed for safety regulations. So I throw that out just as a comparison. And this backyard habitat is for butterflies and birds and not for woodchucks and raccoons like some people might worry that might wander into the backyard. So I just wanted to make that point and I think you need to consider the definition of the word natural. So I think anything that is in the backyard should be natural to the habitat that is in this area according to our weather and so forth. Thank you.

SUPERVISOR MOORE

You're welcome. Thank you.

COUNCILMAN PAGE

Thank you.

SUPERVISOR MOORE

To clarify a little bit about the backyard butterfly and birds habitat, we are in the process of looking at adopting a Code that is going to enable people to have that in their backyards. We'll probably be the first town in Monroe County to do it. John, and I can't pronounce your last name, has been very instrumental in that happening. He's here in the audience tonight and he's the one that's brought that to our attention. We will be having a Public Hearing in early to late fall discussing all the different code revisions that are going to be made and there'll be public comment at that point in time too. And as soon as we have some more information, we're waiting now for an attorney to look over the project so that we can make sure we have our SEQRA done on it. And then we'll be able to move forward with, I believe there's a hundred and forty-seven (147) different codes. Am I right, Peter?

(From audience, Peter Minotti, Deputy Supervisor, "Mr. Supervisor, there are a hundred sixty-four (164) proposed changes.")

SUPERVISOR MOORE

Okay. They've been working on it for six (6) years. So hopefully I'll have it done by

TB August 20, 2014

the tenth (10th) month of our administration. But it's an important part of the revision, so everybody knows. And this Board has been very cooperative and very, I think, forthright or forthcoming in looking at how we can adapt that into everybody's lives. But right now I know John sent an email out today that he had to, his yard I call an experiment, but he's not within the Code, so he had to actually do some weeding in his yard to get the grass under six inches (6") and he did it for us, so thank you. But the next person is Jean Summers.

JUNE SUMMERS, 208 RHEA CRESCENT, GREECE, NEW YORK
I'm June Summers.

SUPERVISOR MOORE
Oh, I'm sorry.

JUNE SUMMERS, 208 RHEA CRESCENT, GREECE, NEW YORK
It's like the sixth (6th) month of the year and the season with an 's' on the end of it.

SUPERVISOR MOORE
Yeah, it's called strawberry time.

(Laughter)

JUNE SUMMERS, 208 RHEA CRESCENT, GREECE, NEW YORK
And I am president of Genesee Valley Audubon Society. And we support the adoption of the proposed Code amendment entitled residential backyard habitat. In the words of Doug Tollamy, "Unfortunately local extinction is rampant in human dominated landscapes." The monoculture that we call lawns and the trees we plant such as Norway maples and the tree of heaven support few, if any, native insects, which means there is very little food for native birds. By adding diversity of plants to their landscapes, the residents of Henrietta can be part of a national trend of adding diversity to help birds and other wildlife. The National Audubon Society's backyard habitat program is called Audubon At Home. The National Wildlife Federation has had a backyard habitat certification program for as long as I can remember and the Cornell Ornithology lab has a program called Yard Map. Yard Map asks participants to map out their native plants in their backyard habitat on their website and get their neighbors involved as well. Genesee Valley Audubon Society hopes that the Henrietta Town Board will adopt this amendment but promote it, not only adopt it but promote it, and ask their residents to use native plants in their backyard habitats. We applaud you for even considering this and being the first town in Monroe County to do so. Thank you very much.

COUNCILMAN PAGE
You're welcome.

SUPERVISOR MOORE

Thank you.

COUNCILMAN MULLIGAN

Thank you.

(Applause)

SUPERVISOR MOORE

The next person and the last one is Bonnie Deal.

BONNIE DEAL, 40 WESTMINSTER PARK

Hi.

SUPERVISOR MOORE

You have to state your name and...

BONNIE DEAL, 40 WESTMINSTER PARK

My name is Bonnie Deal. I live at 40 Westminster Park. I think that's awesome, I get great birds at my feeder, I feed all year. But I'm talking about Campus Crest. We didn't want it last time, we don't want it this time. I already get screwed by Ben Coglitore for paying him to drive across his land. I don't get the same service as everybody else in Henrietta. Don't put transient housing up, because if that's the case, I'm leaving. Don't chase out the families that live there. Please, we didn't want Campus Crest before, we don't want it now.

SUPERVISOR MOORE

We're in the process, we called for a Public Hearing for a rezone...

BONNIE DEAL, 40 WESTMINSTER PARK

Well...

SUPERVISOR MOORE

...and you'll have your opportunity to speak, just like everybody did last time, but you can't deny a family the right to sell their farm for something.

BONNIE DEAL, 40 WESTMINSTER PARK

I don't deny a family the right to sell their farm. I don't want transient housing.

SUPERVISOR MOORE

I think that when you see the plan that Campus Crest has, where there's no traffic coming out to East River Road, that it will maybe be acceptable, but it's a plan that they want to present and you can't stop people from doing that.

BONNIE DEAL, 40 WESTMINSTER PARK

I can't, but if it comes in, I'm going. And if I can't sell my house, then I'll rent it. So there we go, more transient housing.

COUNCILMAN MULLIGAN

Thank you.

COUNCILMAN PAGE

Thank you.

BONNIE DEAL, 40 WESTMINSTER PARK

Thank you.

SUPERVISOR MOORE

That concludes the public comment period and...

COUNCILMAN MULLIGAN

The gentleman over here.

SUPERVISOR MOORE

John?

(From audience, John Colagrosso, "I didn't sign up to comment, but I wanted to (inaudible).")

SUPERVISOR MOORE

No, you can come right up. You're here.

COUNCILWOMAN ZINCK

Wrong John.

SUPERVISOR MOORE

Yes, wrong John.

COUNCILWOMAN ZINCK

You can come up in a minute, John, other John.

(From audience, John Colagrosso, "Wrong John.")

COUNCILWOMAN ZINCK

There's another John. No, you John.

(From audience, John Colagrosso, "Me.")

(Laughter)

JOHN COLAGROSSO, 81 LONG BRANCH DRIVE

Thanks, I'm John Colagrosso. I live at 81 Long Branch Drive. As you know, I was cited for violation of Code §205. I think I'm in compliance now. If I could afford it, I'd hire an attorney to make sure I was in compliance, because it is not my desire to not be. However, since we are going to consider the Code, I thought it was going to be tonight, but it seems like it's going to be in the near future. What I would request of you is to allow me to reestablish my backyard habitat and to use it as a demonstration to show you and the other citizens of Henrietta what a backyard habitat can be. I would like that, an exemption from the current Code until such time that you do consider the proposed backyard habitat Code, you either adopt it or you reject it. So an extension until that time, an exemption from the current Code until that time I would appreciate it.

SUPERVISOR MOORE

I don't believe we can give exemptions, but we'll let the Counselor speak.

DANIEL MASTRELLA, TOWN ATTORNEY

Technically speaking, he could make, potentially make application to the Zoning Board if it's a zoning issue. If it's not a zoning issue, then nobody really...

SUPERVISOR MOORE

It's property maintenance.

DANIEL MASTRELLA, TOWN ATTORNEY

...nobody has the authority to give him any type of formal extension. It becomes a question of enforcement.

SUPERVISOR MOORE

Okay, and he did comply though so we appreciate it.

COUNCILMAN MULLIGAN

Have him apply to the Zoning Board.

SUPERVISOR MOORE

It's not a zoning issue, it's a property code...

COUNCILWOMAN ZINCK

No, he's saying it's not a zoning issue.

SUPERVISOR MOORE

...it's a property maintenance issue.

DANIEL MASTRELLA, TOWN ATTORNEY

If it's property maintenance, unless our property maintenance Code, and I can take a

look and talk to him about it (*inaudible*)."

SUPERVISOR MOORE

If you could, that would be great.

DANIEL MASTRELLA, TOWN ATTORNEY

I will.

SUPERVISOR MOORE

Okay, thank you. John Schmitt?

JOHN SCHMITT, 139 CAMPFIRE ROAD NORTH

This week Henrietta lost a great friend. The passing of Rachel Warren was something that I would like the Town Board, if it's possible, and I don't know the wording, but in some way in their Minutes or whatever, some kind of a note expressing the gratitude of the Town of Henrietta for the love that she showed this Town, for the endless hours she spent working. And typical of what Rachel was interested in, I'm going to ask you people to please keep your eye on how much open space we have in the Town of Henrietta. That's one of her great things. We are a great Town because we have space, green space, and it's so important, vitally important to the future that we maintain that. So in memory of Rachel and the great love we all had for her, carry on in that particular mode. Thank you.

SUPERVISOR MOORE

Thank you.

COUNCILMAN MULLIGAN

Thank you.

COUNCILWOMAN ZINCK

John, I just want to say I had no idea, and when they were talking about the backyard habitat, she's absolutely the first person I thought of. I thought, "Rachel would like this."

JOHN SCHMITT, 139 CAMPFIRE ROAD NORTH

Yeah.

COUNCILWOMAN ZINCK

I'm sorry to hear that.

COUNCILMAN PAGE

John, if you would, you know that we both knew her very well, but you knew her much better than I did, if you would put together some thoughts together, we'd be happy to read them into the Record at the next Board Meeting, so it would be a permanent memory for her. Okay?

JOHN SCHMITT, 139 CAMPFIRE ROAD NORTH
Thank you.

COUNCILMAN PAGE
You're welcome.

SUPERVISOR MOORE
Yeah, we can do a proclamation or a Resolution honoring Rachel. Is there anybody else that would like to speak that didn't sign up? Whoever's in the back, I can't see. Mr. Greco. Commander Greco I guess.

COMMANDER JACK GRECO, 104 LITTMAN ROAD
Commander Greco, 104 Littman Road. Two (2) comments. One (1) is there's a lot of positive energy in the room right now, both for a life that is, that was real, and life that is plants and birds and animals, so I support that. I also support the conservation concept that if any organization or any town, not just Henrietta, starts building buildings, it becomes a metropolis and it's no longer a town, so I think the Town has done a good job in balancing those two (2) things. Lastly, I would be very interested in the Resolution #15-190/2014, which talks about the declaration of surplus materials. I'm always interested in surplus. I work with the Sea Cadets and sometimes extend to the Boy Scouts, and they could use surplus, so if there's an index or a list of surplus that's being, that's available, it would be...

SUPERVISOR MOORE
I'd be glad to give it to you, Jack. It's a book truck that was bought in 1995 and some type of book stand, atlas, 1978.

COMMANDER JACK GRECO, 104 LITTMAN ROAD
That's it?

SUPERVISOR MOORE
That's it.

(Laughter)

COUNCILWOMAN ZINCK
Yeah.

COMMANDER JACK GRECO, 104 LITTMAN ROAD
Maybe I could rephrase it. It seems like from time to time there is always a list, not just this town, but other towns, of surplus items and it seems like we're doing like a little bit here and a little bit there and a little bit there. Is there ever this opportunity where there's a huge quantity of books that we're getting rid of at one time or four (4) or ten (10) desks at one time, whereas you're collecting these...

SUPERVISOR MOORE

We don't get rid of desks. We reuse them. They cost money.

COMMANDER JACK GRECO, 104 LITTMAN ROAD

I understand. Alright, well I, looking at excess material I'm always trying to help the right hand and the right hand, left hand, but thank you very much.

COUNCILWOMAN ZINCK

Just to answer that a little bit, if it's something that has some value that the Town can sell or send to auction, we do that. If it's something that's kind of obsolete, such as the items here tonight, then they, they're discarded of.

COMMANDER JACK GRECO, 104 LITTMAN ROAD

Got it. Thank you very much.

SUPERVISOR MOORE

Thank you.

COUNCILMAN PAGE

You're welcome.

SUPERVISOR MOORE

Is there anybody else? Carol?

CAROL BURRITT, 620 SHORE DRIVE

Once again, Carol Burritt, 620 Shore Drive. I just have a couple of questions that came up today. As you may or may not know, moving day was this past weekend for, basically for RIT students and our neighborhood is filled up once again. And I've kind of been, even for the last month, letting things ride saying okay, we'll just let things settle and then take a look at what the new crop looks like. But Carol Malach here, she took a walk this morning and I think you all received some pictures from Oak Mills Crossing. And questioned the Town and Code Enforcement as to why there, there's so many cars are allowed in a driveway and trash is out by the road spilling out of garbage cans. The trash bins are not out of sight, which, this is common. I mean this is not just today, but she happened to take a walk today. And her answer, the answer she got kind of, it really worried me, because number one (1), she was told that as long as cars are in a driveway and not in a yard, it doesn't matter how many are there. And I looked up the Code and that seems to be a contradiction of the Code, because it's only supposed to be four (4), according to what's published in the Town Record. Another thing that bothered me too was the contention that there's kind of like a daily patrol in those streets to see what's going on. And unfortunately I can cite a house on Valley View Drive where a trash bin sat on the curb for a month, a full month. There has been, let me see, I can probably pull it right up here, yes, that was at 138 Valley View Drive. That's a rental property by the way. And at 588 Shore Drive, there is I guess

TB August 20, 2014

what you would call like a tar wagon, or a tar trailer, something you would use for sealing driveways. That's been sitting next to the garage, right up by the street for over a week and it comes and goes. And there's also, as I was leaving tonight, there's also a pickup truck parked in the road. That used to be a house where a family lived; it was sold about a year ago and I've noticed it's going down the tubes since then. Various trucks come and go. I think right now I don't see any people there, but I think it's basically being used to store either construction equipment or business equipment or something like that. And as far as the definition of parking in the yard, I think students have this idea that if you're half in the yard, you're in compliance. It's the usual thing that happens when they have so many cars that the one that's hiding in the garage can't get out unless they're all like half into the yard on a diagonal. In fact there's a house across from me that usually has about oh, five (5) to seven (7) cars parked diagonally in the driveway and another car in the garage and there are times where the last car is basically half in the road and half in the yard, to the point where Mr. Spaan has to come every year and fill in all the ditches where the cars have parked in the yards. And I don't see where there's been any great effort to change any of this. I mean Mr. Spaan I'm sure doesn't even tell these students what the rules are. And I don't get the feeling that RIT is informing them of our rules. And I'm just wondering how we can get the word out and then enforce the rules that are supposedly on the books. I, you know I know that we're going to be going to court once again with Mr. Spaan on September 11th for one more hearing as to how many students he can legally put in those houses, but I'm here to tell you that whatever is legal in many, many cases there's a lot more. One of the houses that Carol Malach took a picture of this morning, I went by this afternoon and they had the garage door open. There's a reason why they can't park in the garage, because it's lined with couches. It's a flop house and I've heard from the neighbors that on the weekends that's the big party place. Next door they had the garage door open tonight and that's where the foosball table is, so I think they just have a, like a running club going or whatever. So just, I'd just like some clarification as to what the rules are so if I happen to talk to any of the students. I did talk to one last week who had just kind of thrown out some bags of trash by the road and let them sit there for a week. And I confronted him and said, "You know, they're not supposed to be there and they've been there for a week." And he said, "No, they're not." And I said, "Yes, they are." And I said, "Would you put them in the garage until it's trash day?" And he was very nice. He said, "Fine, okay." And he did. So you know, instead of me having to go one by one and tell them the rules, I wish somebody else would kind of inform them and enforce them. Thank you.

SUPERVISOR MOORE

I've asked Mr. Spaan to come in and see me and I'm not sure he's going to, but he's the landlord for about, I would say thirty-five (35) homes in that neighborhood and I still believe he's running a business in a residential area. But we can't seem to find the law to get on the right side of us so that we can do something. Yes, sir.

KARTHI SUGUNAN, 33 RIVER MEADOW DRIVE

My name is Karthi Sugunan. I have a few ash trees on the property and they are in

TB August 20, 2014

very good shape, but I hear there's a problem in Chili, lots of trees are dying because of Emerald Ash Borer. So if we took a concerted effort, because it's a common value, it doesn't matter where it is, it adds the beauty and wellbeing to all the residents, it may be more cost effective. I mean, of course we'll be paying, but if it's a collective effort to save them, I think it'll be more focused, because if you have a neighbor's tree which is not treated, it's going to attack. So if you have a treatment plan and, at least if you negotiate a plan we can pay into.

SUPERVISOR MOORE

Well, it's funny you ask about that, I've had Urban Forestry give us a quote. I think it came in last Friday on inventory of all the Town owned trees and coming up with what we could do to save our ash trees.

KARTHI SUGUNAN, 33 RIVER MEADOW DRIVE

So if you could give that company name, we can ask them for a quote, that may be something he can do.

SUPERVISOR MOORE

Well I think what they're going to do is they're going to come back with a recommendation after, we haven't even discussed it with the, I haven't discussed it with the Board yet, and figure out what we can do to help the trees.

KARTHI SUGUNAN, 33 RIVER MEADOW DRIVE

What's the company name, please?

SUPERVISOR MOORE

Urban Forestry.

KARTHI SUGUNAN, 33 RIVER MEADOW DRIVE

Urban Forestry. Thank you, sir.

SUPERVISOR MOORE

You're welcome.

REBECCA WIESNER, TOWN CLERK / RECEIVER OF TAXES

Jack, I just need his address. Sir?

COUNCILWOMAN ZINCK

Your address?

(From audience, Karthi Sugunan, 33 River Meadow Drive, "133 River Meadow Drive.")

(From audience, Sivaginy Sugunan, 33 River Meadow Drive, "No, 33.")

(From audience, Karthi Sugunan, 33 River Meadow Drive, "33.")

(Laughter)

COUNCILWOMAN ZINCK
He moved.

(Laughter)

JUNE SUMMERS, 208 RHEA CRESCENT, GREECE, NEW YORK
June Summers again. I'm also with the Emerald Ash Borer Task Force for Monroe County and I have been authorized to mention that we are at your disposal and we look forward to hearing from you on your tree survey.

SUPERVISOR MOORE
Maybe you could give your phone number to the Clerk.

JUNE SUMMERS, 208 RHEA CRESCENT, GREECE, NEW YORK
I shall.

COUNCILMAN PAGE
Carol, just to speak about parking in the driveway. The current Code, the way it's written now, you looked it up, but in the process of rewriting our Codes over the years, one of the, the number one (1) thing in any town, and ours included, is property maintenance. And we did do an early change of Code about a year ago, or maybe a little bit more, when we passed three (3) different codes. One (1) was not allowing people to park on the grass and the committee decided that the fallback position was not to limit then the number of licensed and registered vehicles that could park in the driveway. It was, I think a limit of four (4) prior to that. But we did amend the Code and so there is no limit in the driveway and part of that Code also was for the people who had campers or boats, not cars or, we allowed that side parking spot on the side of the garage, that was also part of the Code change as well. And then the third (3rd) Code change was the use of sports equipment in highways and rights-of-ways in developments, so that was changed. So the information about you can park as many licensed and registered vehicles in a driveway as possible is correct.

(From audience, Carol Burritt, 620 Shore Drive, "But they have to be parked in the driveway, not half in and half off.")

COUNCILMAN PAGE
Not a quarter out, exactly.

(From audience, Carol Burritt, 620 Shore Drive, "Correct.")

COUNCILMAN PAGE
But I just wanted to clarify.

(From audience, Carol Burritt, 620 Shore Drive, "So (inaudible), as many as they can put in there (inaudible).")

COUNCILMAN PAGE

But it has to be totally on the surface.

(From audience, Carol Burritt, 620 Shore Drive, "Yeah, okay. So (inaudible).")

SUPERVISOR MOORE

Could I have a Resolution for adjournment, please?

The Regular Meeting of the Henrietta Town Board was moved for adjournment by Councilman Page, seconded by Councilman Mulligan at 7:50 P.M. and was adjourned without objection.

Respectfully submitted,

Rebecca B. Wiesner

**AGREEMENT
FOR
OUT OF DISTRICT WATER USER**

This **AGREEMENT** is dated as of the _____ day of _____ 20____, between the Town Board of the Town of Henrietta as Water Commissioners for Henrietta Water District No. 1, herein called the District, and Philip & Grace Durgin herein called the user, as follows:

The user is the owner of real property lying outside the boundary limits of the Water District and outside of any extension thereof, and said user wishes to use the facilities of said Water District for the purpose of furnishing water facilities for a residence dwelling located on 1175 Martin Rd. identified as Tax Identification No. 202.018-6.12 and being the lands described in a deed recorded in Monroe County Clerk's Office in Liber 11303 of Deeds, page 42, and

The facilities of said Water District are adequate to permit such use, **IT IS AGREED AS FOLLOWS:**

1. The District consents that the users may connect their water service to the existing watermain on Martin Rd. in front of the above described premises.
2. The users shall make said connection at their own cost under the supervision and direction of an authorized representative of the District and shall install the same in such manner and under such conditions as are directed by such representative.
3. As a fee for the right to make such connection, the users shall pay to the District all applicable Permit Fees and shall further pay for the use of said water usage charges as are paid by users residing within the District.
4. The users hereby agree that in the event any petition is hereafter circulated for the extension of Henrietta Water District No. 1 so as to include the real property of the users, that the users will sign such petition and consent to the creation of such extension.
5. In addition to the foregoing quarterly user charges, if the user's property is within the boundaries of Extension No. N/A to the Henrietta Water District No. N/A, the user shall pay to the District an annual fee equal to the amount for which the user's property would be assessed for debt service and/or maintenance.
6. The user agrees to be bound by all rules and regulations of said Water District as established by the Town Board from time to time and this Agreement may be terminated or amended by the District at any time by giving sixty (60) days notice in writing to the user.

Out of District Water User (Con't)

IN WITNESS WHEREOF, THE PARTIES HAVE EXECUTED THIS AGREEMENT.

Re: 2014 Sanitary Sewer Repairs Project

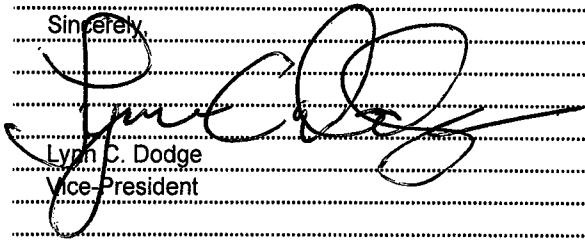

Dear Chris:

As discussed with John Laing, we formally request an extension of time for the Contract.

With the additional repairs and lateral replacements added, we ask that the dates be extended to 9-30-14 for Substantial and 10-17-14 for Completion.

Please contact me if you need any additional information.

Sincerely,

Lynn C. Dodge

SUBJECT: Sanitary Sewer Repair for Summer Sky Drive

Per our review of the sanitary sewer televising tapes, it appears that several sections of the sanitary sewers located along the backyard of Summer Sky Drive and Wildbriar Road has deteriorated and will need to be repaired. Due to the length and location of the sewer, we feel that this project would be a good candidate for Monroe County's Term Construction Contract for Cured-in-Place Pipelining. The approximate cost for repairing the sanitary sewer per the attached quote from Skanex Pipe Services, Inc. is \$87,685.00.
