

Gymnastics

Boys and girls ages 2 and up can follow in the footsteps of the successful USA Olympic Gymnastics teams at the Town of Henrietta Recreation Facility, 95 Methodist Hill Drive, Suite #800. A staff of certified instructors provide instruction on all Olympic events at the beginner, intermediate and advanced levels. The children learn gymnastic skills while developing their coordination and self-confidence. In addition to stressing learning and safety, the instructors also emphasize having fun.

X	October 14	October 15	October 16	October 18
October 20	October 21	October 22	October 23	October 25

Be Prepared for Class:

Gymnasts should be dressed properly. A one-piece leotard is recommended for girls. Dance pants, bike shorts, or warm up suits are also acceptable. Hair should be tied back securely, including long bangs. No jewelry please. Boys should wear a tucked in tee shirt with gym shorts, no belts, buckles, zippers, or snaps. Cotton socks on the feet are optional.

Parents Observation:

Although we know that parents are anxious to view their child's progress, we have found that the children are easily and regularly distracted by spectators. This makes it difficult for instructors to finish the day's planned activities in the time allotted. Therefore we ask that parents only observe class on the last day (except for the toddler classes) of each session. Observation dates will be posted.

Missed Classes:

Make-up days cannot be given to individuals missing class because of illness, travel or other activities. Our classes are staffed to meet the needs of the number of registered students.
