MESSAGE FROM SUPERVISOR JACK MOORE

As your recently elected Town Supervisor I felt it important that you know that I fully support our recreation programs. Recreation provides our youth the opportunity to participate in a variety of sports and recreational events. Through their participation, students' interpersonal skills are sharpened, and physical fitness and personal development are enhanced. Our Senior Center is very active and could serve as a model for other towns.

Currently many of the Recreational programs are held in space rented by the Town. With the support of the Town Board, it is my goal to build a facility that the town will own, which will accommodate these programs.

In addition, to better circulate information about other Town departments, I am initiating a quarterly Newsletter which will be called "Henrietta Happenings". The Newsletter will give other town departments and me the opportunity to provide you with information regarding our services and how they might impact you. It will also serve to provide better internal communications between departments.

Through improved Internal and external communications we can better serve the needs of our community. Since taking office I have instituted an "open door" policy, and it is proving to be very beneficial to me and also to those who have taken the time to stop by and share their thoughts and concerns.

The "Henrietta Happenings" will be coming to your mail box soon; I hope you will find it informative and interesting. Let me know.

Respectfully,

Jack
